

Technical Data Sheet

Product: AA106

THE EDGE
ON SAFETY

DESCRIPTION

Natural Satin anodised aluminium maximum safety stair nosing profile designed for vinyl covered stairs. This profile has a 1 5/16" right angle riser. Designed for interior and exterior uses.

MATERIAL

T6 6063 Alloy aluminium - Natural Satin anodised.

Available in 6' and 8'2" Lengths.

1 x 3/4" Tredsafe Insert.

Supplied pre drilled for countersunk screw fixing.

DIMENSIONS

EXAMPLE

In this example, AA106 has been installed with 1/16" vinyl, the back rebate hides the joint and prevents the trip hazard. The profile has been drilled and countersunk into the uncovered stair. This installation has used slip resistant Tredsafe Diamondtred insert for safety, which meets standards of ATSM E303-93 for wet slip resistance.

Release: January 2019

Information given in this data sheet is based on the current state of knowledge. This does not exempt the purchaser from carrying out his own careful inspections of incoming goods and their suitability for local building codes. We reserve the right to make changes to the product data in the course of technical progress or due to operationally related further development. Owing to factors beyond our control during application, recommendations given in this data sheet require tests and experiments by the customer. Our recommendations do not exempt the customer from the obligation to check any infringements of third-party rights himself and eliminate them if necessary. The suggestions for product use are not equivalent to a warranty of its suitability for the recommended purpose.

Each new release of this data sheet supersedes the previous one.
